

YOUNG MOTHERS

A mother who is in good physical condition transmits to her child the blessing of a good constitution; sickly, ailing mothers, the reverse. The tiny babe brings to her a living responsibility. At such a time too great care cannot be taken to build up the mother's general constitution, and restore her feminine system to a healthy, normal condition. The greatest assistance that any woman can have in accomplishing this all-important work is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. M. Gilmer, of West Union, S. C., writes to Mrs. Pinkham, Lynn, Mass.

"I was greatly run down in health, suffering from a weakness peculiar to my sex. I began to take Lydia E. Pinkham's Vegetable Compound, and I was not only restored to health but am the proud mother of a fine baby girl. I wish every sick and ailing woman would give Lydia E. Pinkham's Vegetable Compound a trial."

Mrs. Paul Oliver, of St. Martinville, La., writes to Mrs. Pinkham: "For years I suffered from the worst form of female troubles, and the doctor said I could not get well without an operation. Lydia E. Pinkham's Vegetable Compound restored me to perfect health, and I have the sweetest little baby girl. I will never cease to praise Lydia E. Pinkham's medicine."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with the worst forms. Why don't you try it?

COMMITTEE GETTING BUSY.

CHICAGO, Feb. 7.—Chairman Harry New, Secretary Helmer Dover and the sub-committee of the Republican national committee in charge of arrangements for the national committee, will meet in Chicago, February 14, 15 and 16 to prepare for the national gathering. Headquarters probably will be opened then although it is likely the preparations will not require the continuous attendance of any members of the national committee thus far in advance of the convention.

Mr. New and the other national committeemen will meet with members of the local committee or arrangements and make final plan for the re-seating of the Coliseum to give it the desired capacity.

The editor of the Memphis, Tenn., "Times", writes: "In my opinion Foley's Honey and Tar is the best remedy for coughs, colds and lung trouble, and to my own personal knowledge Foley's Honey and Tar has accomplished many permanent cures that have been little short of marvelous." Refuse any but the genuine in the yellow package.

FLOATING PALACE.

NEW YORK, Feb. 7.—A marked addition to the pleasure fleet of America will be the new steel, twin screw steam yacht, Iolanda, building abroad for Morton G. F. Plant of the New York Yacht Club, which it was announced yesterday, would be launched in March at Leith, Scotland. The Iolanda is 305 feet over all, 258 feet on the water line, 37 feet 6 inches beam and 16 feet, 6 inches draught. Her engines are capable of developing 6400 horsepower. Steam will be supplied by two cylindrical and two water tube boilers, no other yacht afloat having this boiler combination. She will be the third largest privately owned yacht in the world.

ROSE CITY LEAVES TODAY

St. Hugo and Lady Woolsey Crossed Out Yesterday—Lurline Smashes Her Wheel—Emilie Galline Makes Swift Trip—Waterfront Notes.

The steamer Johan Poulsen, Captain Nilsson, entered port yesterday morning, from San Francisco, and reports that on Thursday morning early she came across the steamer M. F. Plant, of the Pacific Coast Steamship Company, about 25 miles off Rogue River with her propeller gone, but otherwise in good shape and making good weather. She immediately sent a hawser aboard the disabled steamer and towed her into Marshfield, the destination of the Plant; and then left out immediately on her own cruise to this port and Portland. The Poulsen went on up the river yesterday afternoon.

The German bark Reinbeck, Captain Simon, arrived down yesterday from the metropolis on the hawes of the Oklahoma, and went to an anchorage in the lower harbor, and will sail for Europe on the first good bar that offers.

The Oklahoma returned up the river afternoon with the British ship Arctic Stream, Captain Dixon, on her tow lines. The latter will load for grain for the west of Europe.

The Elmore motor schooner Gerald C. left out yesterday forenoon for the Nehalem with a load of general merchandise.

The steamer Sue H. Elmore went to sea and Tillamook City yesterday morning at 7 o'clock, with a good load of freight and a number of passengers.

The schooner Irene went out over the bar yesterday noon, San Francisco bound, with nearly a million feet of lumber.

The steamship Geo. W. Elder came down from Portland yesterday morning well fixed for her voyage to the California coast. She stayed but a short while at the Callender pier and then went to sea.

The oil tank steamer Argyle entered port at 7 o'clock yesterday morning and went on to the metropolis at 1 p. m.

The steamer R. D. Inman, Captain Hardwick, arrived in from San Francisco yesterday morning and went to the Astoria Box Company's dock for 300,000 feet of lumber, after which she will move on to Portland for the balance of her load.

The British steamship St. Hugo went down to the bar at 2 o'clock yesterday afternoon and findings things to her liking, went to sea and the United Kingdom, for orders. She was wheat laden.

The British ship Lady Woolsey, Captain Finnie, was among the get-aways yesterday afternoon, leaving out with her big cargo of grain, for Europe.

The British ships Claverdon and Amazon are in the lower harbor waiting a favorable moment for leaving out on their European quests, with their cargoes of wheat.

The fine French bark Emilie Galline, Captain Amandtizon, 124 days out from London, crossed in yesterday afternoon with all hands well and hearty after an exceptionally quick trip around. This vessel left this port on the 6th of last April and went to her berth in the Thames 102 days later; loaded out and started back, with the foregoing good result. She is one of the best sailers entering this port.

The handsome tender Columbine came down from the buoy station yesterday afternoon with the truant whistling buoy on board, which she unshipped at the foot of Eighth street, whence it will be taken to the Astoria Iron Works for a general overhauling. On Monday morning next the Columbine will leave out for the Puget Sound light stations, with a heavy load of supplies, among which will be a lot of heavy lumber. Captain Richardson expects to be gone about two weeks.

The French bark Bougainville ar-

rived in from San Francisco yesterday, and will go on to Portland for a load of wheat for European delivery.

This morning at 11 o'clock the handsome steamship Rose City leaves her San Francisco pier on her maiden run to this port and Portland; and as she is the newest and perhaps the handsomest vessel in this trade there will undoubtedly be a large crowd down to see her on her arrival here next Monday.

The steamer Alliance is due in port at almost any hour, from Coos Bay points.

The steamer Lurline broke her wheel on the passage up the river on Thursday night last and was on the ways at Portland all of yesterday undergoing repairs. She will leave down this morning on her usual schedule and will arrive with two days' accumulation of Astoria freight.

The steamer Hanalei came in over the bar yesterday afternoon, with a general cargo for Portland, and will load lumber on the outward trip.

The French bark Buffon, wheat-laden for the United Kingdom will arrive down from Portland on the hawes of the Harvest Queen sometime today.

NATURE'S WARNING.

Astoria People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously.

But nature always warns you. Notice the kidney secretions. See if the color is unhealthy—If there are settlements and sediment, Passages frequent, scanty, painful. It's time then to use Doan's Kidney Pills.

To ward off Bright's Disease or diabetes. Doan's have done great work in Astoria.

Theodore Josephson, 515 Seventh street, Astoria, Oregon, says: "About five years ago I used Doan's Kidney Pills and derived great benefit. I was suffering from severe pains across my back and my loins and at times so severe that I was unable to stoop or straighten. My kidneys also bothered me a great deal, as the secretions were generally too free in passing. At last Doan's Kidney Pills were brought to my attention, and I procured a box at Rogers' drug store. I began using them and my health is now excellent. I take a few doses of Doan's Kidney Pills now and then, when feeling any sign of backache and they never fail to banish the trouble."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

A can full of real dollars

We have in our safe, in a sealed and witnessed envelope, the last line of the "Limerick" which appears below. The line has six words and ends in one rhyming with "ale." We will give a half-pound Ghirardelli's Cocoa can full of silver dollars (93) to the person who correctly supplies the missing line.

One person may send as many solutions as they wish, there is no limit. The correct answer may be sent in any form, but we prefer that it be written upon the back of a label taken from any size can of Ghirardelli's Cocoa. Answers must be mailed on or before March 15, plainly addressed to GHIRARDELLI'S CONTEST DEPARTMENT, 20 MONTGOMERY STREET, SAN FRANCISCO. Here's the "Limerick"

A sickly young student at Yale
Tried to strengthen himself upon ale,
But a wise "College Widow,"
Said, "Cut it out, Kiddo."

The Commercial.

One of the coziest and most popular resorts in the city is the Commercial. A new billiard room, a pleasant sitting room and handsome fixtures all go to make an agreeable meeting place for gentlemen, there to discuss the topics of the day, play a game of billiards and enjoy the fine refreshments served there. The best of goods are only handled, and this fact being so well known, a large business is done at the Commercial, on Commercial street, near Eleventh.

UNCLAIMED MONEY IN N. Y.

NEW YORK, Feb. 7.—There is more than \$250,000 lying in the treasury of the City of New York which is due to former employees of the city but which has never been called for. The money was discovered by the commission which is attempting to devising a modern system of book-keeping from the city. The city comptroller has asked the city council if there is not some way in which this money can be returned to the general fund. The items extend over a period of 25 years, and range in amount from 50 cents to 1. The largest amount is \$1497.02 which is due to Robert E. De Lacy who departed from the city in 1886 and failed to leave an address. He was an alderman at the time, and there were charges of "boodling" against him. The other amounts are smaller and are due to men employed in positions varying from that of school teacher to that of snow shoveler.

LANGUAGE PROPOSITION.

NEW YORK, Feb. 7.—Interpreters at Ellis Island will try to find an emigrant of mysterious origin who arrived yesterday on the Royal Mail

liner Atrato. The agent of the company who put the men aboard the Atrato at Savannah said that his was was G. Ferriss which had something of an Anglo-Saxon sound, but when the captain and purser talked to the stranger in English he did not respond. All the languages of Europe known to crews and passengers were tried on the dark man vainly; an officer experimented with Hindustani and a passenger talked to Ferriss in Arabic. To all he simply shook his head and articulated something unintelligible. The linguistic experts on Ellis Island have yet to try their skill.
